| <p>It's been a long time<br/>What'd you come around here for<br/>Cause that old love is gone<br/>And I've since carried on<br/>Thought I was rid of you for sure<br/>Oh my sweet sweet song, you don't sound so sweet no more</p> <p>Please don't sing to me<br/>Cause it hurts me to hear the melody that was<br/>Good to me before<br/>Oh my sweet sweet song, you don't sound so sweet no more</p> <p>Oh you said love was forever<br/>and you told me<br/>love would never<br/>Break my heart, and I believed you as I fell<br/>That's all over, let it go,<br/>You're just a song I used to know<br/>And your fantasy, it don't work for me<br/>Go and pick on someone else</p> <p>My sweet song<br/>Guess I'm stuck with you<br/>And someday, I'll find the love I'm looking for<br/>Then my sweet, sweet song won't sound so sad no more<br/>My sweet, sweet song,<br/>I'll guess I'll always be yours</p> | <p>It's been a long time<br/>What'd you come back home for<br/>Cause that passion is gone<br/>And I've since walked away<br/>Thought I was rid of you for sure<br/>Oh my weeping dog, you don't look so sweet no more</p> <p>Please don't stick to me<br/>Cause it annoys me to hear the yelp that was<br/>Good to me before<br/>Oh my weeping dog, you don't look so sweet no more</p> <p>Oh your eyes were full of tears<br/>you stood silently<br/>plead for pity<br/>Disturbing me, and I abandoned you far away<br/>That's all over, let me go,<br/>You're just a dog I used to love<br/>And your imploring, it don't work for me<br/>Go and find out someone else</p> <p>My weeping dog<br/>Guess I'm leaving you<br/>And someday, you'll find the love you're looking for<br/>Then my weeping dog won't sound so sad no more<br/>My weeping dog,<br/>I'll guess you'll belong to others</p> |
