

Be Myself

by Tina Guo 郭如芳

Hang around all day long

See lots of pairs on the road

Not weary of others' thoughts

Just wander in my world

Stop asking me if I'm alone

Don't tell me to follow the crowd

Some say love's like a thorn

Some say love can't be hold

Enjoy the feeling happy and sorrow

Pace steady towards the goal

Soar higher above the wind, behold

I will at last reach the rainbow
