The 500 Largest Direct Sales Companies In The World 2019 BY TEAM BUSINESS FOR HOME

JANUARY 3, 2019

This list is in \$USA and in real time, meaning if we validate / add / adjust the revenue for a company this list will be updated and the ranking will change instantly. Below figures are "What we know now", and based on 2018 revenue.

For a number of private companies we have estimated the revenue based on the number of employees (1 employee = \$1 million in sales), facebook talking about, public information, and we estimate on the low side.

For Euro to \$USA (Vorwerk – Oriflame) we calculate with 1 Euro = \$1.13 for 2018. For holdings / parents (Youngevity, Vorwerk etc) we do not list the revenue of subsidiaries.

If you want to share information or adjust below revenue, please <u>log a support ticket</u>. Since 10 years we handle information confidential and NEVER reveal our sources.

If you want to add a company <u>please check this page</u>.
