

Trapped by Lisa 李寅瑩

Hurting
You are playing with my heart.
Broken
You are swallowing my love.
Suffering
I'm still longing for your touch.
Depressing
I made a fool of myself.

[Chorus]
Like a string
You tied up my soul.
Like a vine
You twisted my mind.
Like a lock
You closed up my door.
Like a storm
You made me stay.

Drifting
The river of tear kept me floating.
Blowing
The sweet words of you made me spinning.

Landing
You cut the rope to enjoy my falling.
Tiring
I've tried my best to stop the bleeding.

[Chorus]
I threw out all your stuff
So I can hide in my own little cave.
I deleted your number
To smash the past of calling you babe.
But when I saw you I know what I've done was in vain
Because I have already been
branded with your name.

All I had
Was just a fake
With the smile on your face.
The hollow heart
Was full of hate.
And the warmth of you keeps on fading away.

[Chorus]
In the end
We were just a play.
You have won
While I was a slave.
But both of us have nothing to gain
For nothing is gonna stay.
