

*Fall*

*Falling, falling down  
A lonely, empty heart  
Bleeding  
Like the maples  
Driven by the cold wind  
Having no destination  
Wandering*

*Then, it stopped  
Chilly silence*

*Falling, falling down  
A pale, thin man  
lying  
on the ground  
Breathing without emotion  
Tears flood  
Reveal the pain of betrayal*

*Tik tok, tik tok  
Let the time bring away the pain  
Wipe the tears  
From this experience to see what you gain  
Sun rises  
Embrace your heart for the brand new start*
